PROJECTS

GPA CALCULATOR

Personal Project ([link](#))

- Used Javascript to create a calculator that takes a max of 10 subjects and computes GPA on a 4.0 scale average and also academic standing.
- The number of subjects can be increased and decreased which help understand DOM.

EXPERIENCE

IEEE (AUN CHAPTER)

President, Nov 2020 - Present

- Coordinated programming workshops for over 30 beginner level students who leveled up to intermediate/advanced.
- Organized excursions to tech startups around Yola which inspired members to collaborate and start projects.
- Increased the number of female members by 15% by actively engaging and promoting IEEE as a community for all.

VOLUNTEER EXPERIENCE

LOVE AND LIGHT RELIEF FOUNDATION, Abuja

Volunteer, Aug 2021 - Sep 2021

- Used social media to create awareness about fundraisers and period poverty, this helped foundation reach 20% more audience.
- Involved with the organization of fundraisers that helped foundation reach donation goals before estimated time.
